

for that perfect party!

indian food is more than rajsthani daal or punjabi naan, as it is more than aloo tikki or mattar paneer; the cuisine of this beautiful nation includes many many more vibrant and palate-soothing dishes that make one want to relish and revere god's most benevolent gift -- food.

'**ras** premium catering' is established to extend the delicious Indian delicacies to your door-step from '**ras** the essence of India', which proudly serves multitudes of food-lovers in singapore's bustling F&B precinct, clarke quay.
